OPMA – EXECUTIVE SESSION PROCEDURES

PRACTICE TIPS*

For Local Government Success

An executive session must begin after a regular or special meeting is convened and adjourn before the meeting ends. While an executive session will therefore always be a part of a regular or special meeting, it is possible to hold a special meeting for the sole purpose of holding an executive session.

To start, the chair must announce the executive session to those in attendance at the meeting, including: (1) the purpose of the executive session; and (2) the time when the executive session will end.

Announced Purpose and Topics of Discussion: The announced purpose of the executive session must be one of the statutorilyidentified purposes for which an executive session may be held. The announcement must contain enough detail to identify the purpose as falling within the limits of the law.

It would not be sufficient, for example, for a meeting chair to declare simply that the governing body will now meet in executive session to discuss "personnel matters." Discussion of personnel matters, in general, is not an authorized purpose for holding an executive session; only certain specific issues relating to personnel may be addressed in executive session.

Attendance of legal counsel - Legal counsel must be present at an executive session, either in person or remotely via a device that allows two-way communication, to discuss enforcement actions, current or potential litigation, or the legal risks of current or proposed action. "Potential litigation" means litigation that has been specifically threatened to which the agency, the governing body, or a member acting in an official capacity is, or is likely to become, a party; or the agency reasonably believes may be commenced by or against the agency, the governing body, or a member acting in an official capacity. Discussion of the "legal risks" of a current or proposed action can only occur in executive session if public discussion of those legal risks is likely to result in an adverse legal or financial consequence to the agency.

Notes for Specific Discussion Topics

- Security of computer and telecommunications network Governing body may be briefed in executive session about agency cybersecurity issues or data breaches. If a data breach occurs, the agency must comply with breach notification requirements.
- Contract Performance Review of contract performance of publicly bid contracts may only be discussed in executive session when public knowledge of such consideration would likely cause increased costs.
- Qualifications of an applicant for public employment or review of performance of a public employee – If the governing body elects to take final action regarding hiring, setting the salary of an individual employee or class of employees, or discharging or disciplining an employee, that action must be taken in open session.
- Qualifications of candidate for appointment to elective office Candidate interviews and final action appointing a candidate to elective office must be in an open public meeting.
- Collective bargaining sessions Collective bargaining sessions with employee organizations are not subject to OPMA requirements and may occur in closed session without following OPMA procedures. This exemption applies to contract negotiations, grievance meetings, and discussions about the interpretation or application of a labor agreement or to that portion of a meeting when the governing body is planning or adopting its strategy during the course of any collective bargaining, professional negotiations, grievance or mediation proceedings, or reviewing the proposals made in the negotiations or proceedings in progress.

Length of Session: If the governing body concludes the executive session before the time stated, it should not reconvene in open session until the time stated. Otherwise, public may, in effect, be excluded from that part of the open meeting that occurs between the close of the executive session and the time when the chair announced the executive session would conclude. If the executive session is not over at the stated time, it may be extended only if the chair announces to the public at the meeting place that it will be extended to a stated time.

Attendance: Attendance at an executive session need not be limited to the members of the governing body. Persons other than elected members may attend the executive session at the invitation of the governing body. Those invited should have some relationship to the matter being addressed in the executive session, or they should be in attendance to otherwise provide assistance to the governing body. Note that if the stated purpose for the executive session is to discuss litigation or potential litigation with the governing body's attorney, the presence of persons at the session who are not governing body members or agency staff may waive the attorney-client privilege.

Minutes: Minutes are not required to be taken at an executive session. If minutes or notes are taken during an executive session, they may be subject to the disclosure requirements of the Public Records Act.
